App Developers

Advocacy groups

Influencers

Schools

CSE Content Creators

How is AMAZE content developed?

With technical support from medical professionals and global sexuality experts

Informed by the International Technical Guidance on Sexuality Education (ITGSE), national and/or regional guidance and curriculum frameworks.

Guided by AMAZE Youth Ambassadors (ages 10-16) who provide direction on topics, relevancy, tone, and educational value to their peers.

Videos for Everyone

250+ Standard
AMAZE Videos

40+ Ask AMAZE
Videos
(answering specific
questions)

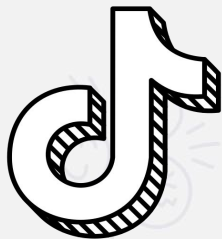

AMAZE Jr.
(Videos for parents)

How our partners disseminate videos online:

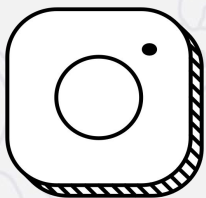

Uploaded to popular Facebook pages (Nigeria, Kenya, DRC)

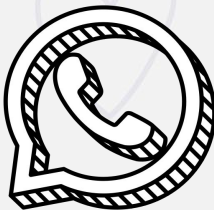

Shared in full or as reaction videos on TikTok (Japan, Vietnam)

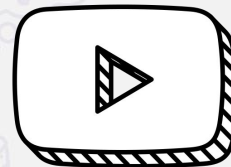

Embedded into UNICEF's global online Learning Passports and period tracker apps

Uploaded as posts and stories on Instagram (Lebanon, Greece)

Sharing links using WhatsApp (Malawi, Guatemala)

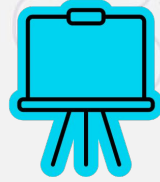

Creating Playlists on YouTube (LAC Region, DRC, Togo)

How our partners disseminate videos offline:

Videos incorporated into classroom lessons (India)

Embedded in teacher training (China)

Shown in Humanitarian settings (Lebanon and Georgia)

Screened in community settings (soccer games in Kenya and in the Metro in Ukraine)

Available on public access television (Mexico and South Africa)

Created card game to complement videos (Mexico)
