

AMAZE Videos Tipsheet

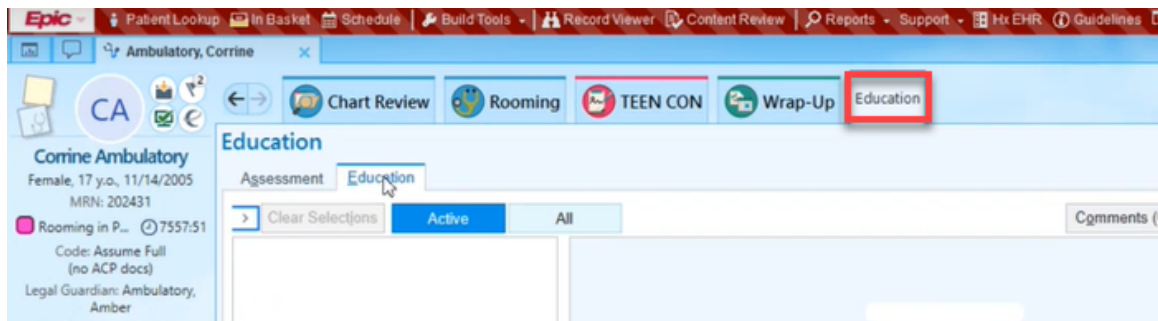

Providers are now able to assign AMAZE videos for patients to view in MyChart.

Provider Workflow

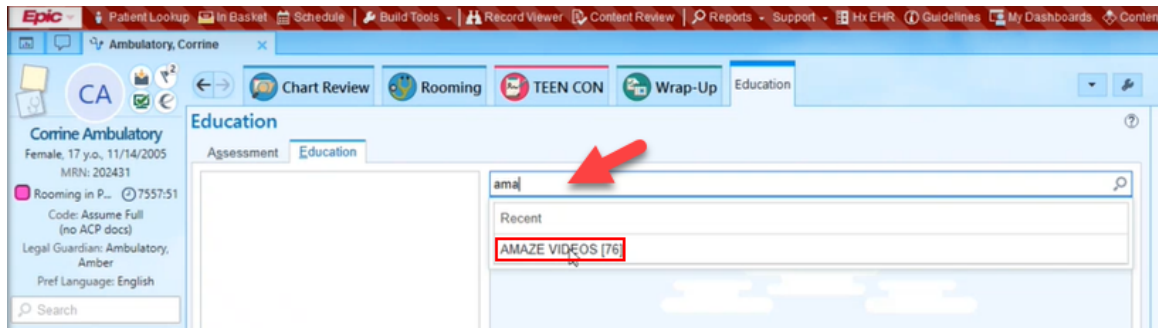

1. From the “more” button, access the drop-down menu in the patient’s chart, and select “Education.”

2. Open the “Education” activity

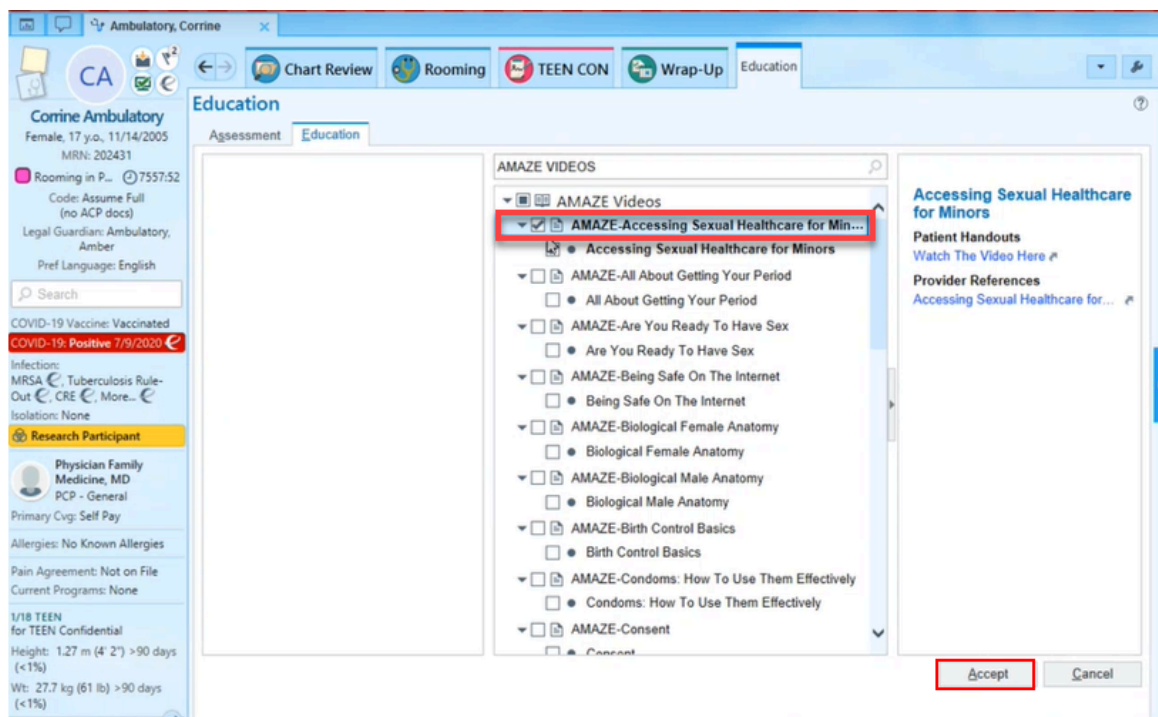

3. Type "AMAZE" in the search bar.

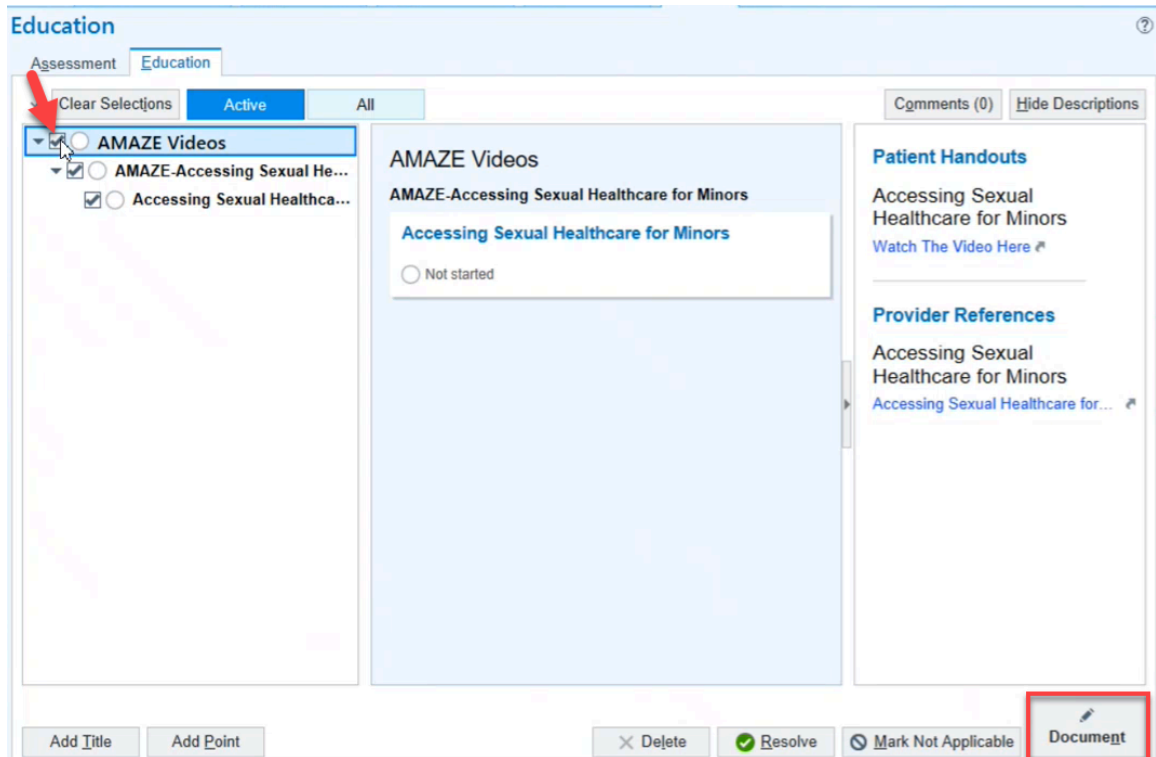

4. Identify and select the videos that need to be assigned to the patient. Select the video by clicking the check box.

5. Click "Accept."

6. The selected videos will be added to the left side of the screen, showing that they have been associated with the patient.
7. To add additional details about the video, select the video check boxes and click on "Document."

8. A window will pop up to document information around the discussion regarding the AMAZE videos:
 - a. Who the learners are
 - b. Their readiness to learn
 - c. The method they are receiving the information
 - d. The response from the learner

(All fields are required.)

Learners

☐ Patient
 ☐ Family
 ☐ Significant Other
 ☐ Caregiver
 ☐ Other
 ☐ Mother
 ☐ Father
 ☐ Guardian
 

☐ Foster Parent

Readiness

☐ Eager
 ☒ Acceptance*
 ☐ Nonacceptance
 ☐ Refuses
 

Method

☐ Explanation*
 ☐ Demonstration
 ☐ Handout
 ☐ Interpreter
 ☐ Video
 ☐ Class/Group
 

Response

☐ Verbalizes Understanding*
 ☐ Demonstrated Understanding
 ☐ Needs Reinforcement
 

☐ No Evidence of Learning
 ☐ Refused Teaching
